*Car starts at Albany; stops off at Troy following day to complete loading.

■ Utica to Charleston car loaded Friday only.

● Tri-weekly.

Foreword

For your convenience and quick reference, the schedules of New York Central's through merchandise freight cars are presented here in simplified form. They show services between principal New York Central stations and to connecting line points, including a complete index of rail and coordinated truck services to and from all points on the New York Central System.

All merchandise cars are scheduled to operate daily (Monday through Friday) unless otherwise specified. The figures under "DAYS" represent the elapsed time between scheduled departure of a car from origin and scheduled handling at destination. Cars arriving at destination Saturday or Sunday, in some cases, will not be worked until Monday.

Coordinated truck schedules are operated daily and provide for arrival at destination the same day as departure from the truck terminal. Trucks gen-

erally take shipments unloaded from cars at break-bulk points on the preceding day. Freight trucked from local stations for outbound movement is normally loaded in cars at concentration points the same day.

In addition to the cars listed, direct cars to consignees, other destinations and distant transfers are operated when traffic volume warrants. Because of the seasonal changes in commercial requirements for LCL refrigerator carlines (identified by symbol RX), frequency of their operation is not shown. Your nearest traffic representative or local agent will be pleased to furnish full information on all special moves, and on trap car and refrigerator car services.

Schedules shown herein may be modified to meet changing traffic trends and operating conditions on special order and without prior notice.

NEW YORK CENTRAL SYSTEM

Nineteen
Fifty-Three

Dear Customer:

To serve you better, ten thousand men and women from our freight stations have formed local Service Committees at 115 Central locations. Each Committee meets monthly to discuss and devise ways and means of handling your freight even more safely, speedily, and efficiently. For we realize that better freight handling means more business, more jobs and greater opportunity for all of us.

In thanking you for your patronage, we pledge our continued efforts to render constantly improved service.

Sincerely,

NEW YORK CENTRAL
FREIGHT STATION SERVICE COMMITTEES
